Digital design, 3rd edition. M. Morris R. Mano. For sophomore courses in digital design in electrical engineering, computer engineering, . The third edition of the book "Digital Design", written by an outstanding specialist in the field of digital design, is being published in Russian. In this book, the author tells how to use digital design to improve efficiency and quality of work, while not losing the creative fuse and not losing the ability to think creatively. This book is a real treat for designers and software developers who want to be more productive and improve their results.
