We are try to give you the best software in your lifeQ: SSIS (DTS) Script Task (BULK INSERT) doesn't load the file I have a SSIS package that I am trying to execute that executes a stored procedure that takes an XML file, tries to import that xml, and then updates the data into another table. The XML file is a simple table of data that has been loaded as an xml into another table. When I run this package I get an error "Error: SSIS Error Code DTS_E_PROCESSINPUTFAILED. Error at Data Flow Task [XmlFileRead]. Input Error: The input has an invalid XML format. The input XML data has been read from: C:\Users\eric\Desktop\New folder (4). Here is my package, it is a very simple thing that should be doing something I am not sure why it is not. When I click the button that execute the package it fails. EDIT: For anyone who is curious here is the DTS script I have for it. A: The issue with the file I was using seems to have been that I was not giving the entire
