

there is always a new game that is available or is being released and we also have to be aware of the latest news. we know that there are many cool things that happened over the holidays and what is going to happen in the new year. when i used legacy decks the same that were used in the show during specific battles instead of my own custom deck, it was frustrating to see so many repeating cards. it can be useful to have double of one card or another, but most of the time i found that it hurt me rather than helped me. i could draw a card and realize it was the exact same useless spell card that's already in my hand and that doesn't do anything in the situation i'm in. title: yu gi oh legacy of the duelist repack-skidrow genre: simulation, strategy developer: other ocean interactive publisher: konami release date: dec 8, 2016 languages: english, french, italian, german, spanish file size: 771.82 mb / single link compressed mirrors: mega.nz, 1fichier, google drive, uptobox, uploaded.net game name yu gi oh legacy of the duelist language multi release date 2017 genre strategy info enter the duelist simulator to take your place among the finest duelists ever in yu-gi-oh! legacy of the duelist! players from around the world have been invited to take part in an elite dueling program that simulates the best duels across all of yu-gi-oh! history. replay actual events in the yu-gi-oh! timeline, from the original yu-gi-oh! series up to yu-gi-oh! zexal, featuring the storylines, characters, and decks in a brand new story campaign.
