Launcher Portable For Windows

Launcher Portable is a powerful, user-friendly application launcher for Windows 10. It can start any program with just one click. Easily add and edit shortcuts, create shortcuts from text, drag and drop and even create shortcuts to local network resources and various devices. The quick launcher worked smoothly on Windows 10 in our evaluation and had low impact on the system's performance. The grid can use some visual improvements but, apart from that, Launcher Portable is an intuitive tool with practical configuration settings to help you create a list of favorite files, folders and programs to launch with one click. How to Install/Uninstall/Repair: 1. Install/Uninstall: 1. Open the Registry Editor and go to the following path: HKEY_LOCAL_MACHINE\SOFTWARE\Microsoft\Windows\CurrentVersion\Uninstall. 2. Create a new subkey for your launcher by entering a name, e.g., Default. 3. Create a new value by entering the path of your Launcher's installation directory (e.g. C:\Program Files (x86)\Launcher Portable\Launcher Portable.exe) 4. Click the + to add a DWORD data type. The key name will be the name of the value, which in turn will be the executable of your launcher. For example, if you named it Startup, the DWORD value name would be Startup and the value would be the location of your launcher's executable. 5. Right-click the value and choose Modify. 6. In the Modify DWORD Value dialog box, change the Value Data to 1. (example: C:\Program Files (x86)\Launcher Portable\Launcher Portable.exe) 7. Click OK to save the change. 8. Right-click the new value and choose Uninstall. 9. You can reboot for the changes to take effect. 2. Repair: 1. Insert the Windows 10 DVD. 2. Click Repair your computer. 3. Click Troubleshoot. 4. Click Advanced Options. 5. Scroll down to Startup Settings. 6. Click to Select All. 7. Click OK. 8. Click on Troubleshoot. 9. Click on Startup Settings. 10. Click on Restart. 11. Click on OK to restart your computer. It is recommended to run a scan with our free tool before installing any software.
