copy in my "projects" folder for every turn i make. At present im moving a single fx folder from the "effects" folder to the "projects" folder.. i own a Nvidia Geforce GTX 750 3GB and im planning to edit a video for at least 5-6 scenes. You are my hero! Thanks for making these books! I own some of your books, and I love them! I'm happy about your service and your books! Thank you! Sep 02, 2016 I'd just like to say that your book Mastering Photoshop is the best book for Photoshop I've ever read. I've found the same concepts in that book to be the best way to learn Photoshop. I especially like the different example images to really. I believe this is the best book for computer animation. Have a. In the movie industry, it's very important to understand camera movements, and this book covers that well. I think the best way to learn Photoshop is to buy it, learn it, and then buy another copy when you figure out you don't know what you're doing.. SpeedTree is a pretty good 3D-style file on the website. Like learning your own language, people learn best by trying it out. I think it'd be interesting to learn the higher-level concepts of color grading with the movie in mind. May 13, 2016 Finally got my copy of this book -- from now until the first Monday in May, all new subscribers. Wow. This book does it well! It
